## UMAR SAIDU AUNA

**CAREER SUMMARY** Creative and result-oriented Android Developer with over 5 year's experience in the field building amazing Android applications, primarily focused on Firebase, Rest APIs and anything new and interesting things about Android.

Am open to adopting every available technical knowledge to proffer solutions, making headways and offering positive contributions to a working environment and the world at large.

I love mentoring and teaching people how to code. My hobbies are reading, running and travelling.

---
